**AGENCY:** Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Final rule.

**SUMMARY:** DoD is issuing a final rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to implement a section of the National Defense Authorization Act for Fiscal Year 2019.

DATES: Effective [Insert date of publication in the FEDERAL REGISTER].

## SUPPLEMENTARY INFORMATION:

#### I. Background

DoD is amending the DFARS to partially implement section 812 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2019 (Pub. L. 115-232). Section 812 repealed more than 60

obsolete Defense acquisition laws, most of which have been completed, have expired, or do not impact the contracting regulations. DoD published a final rule to repeal one statute identified in section 812 at 84 FR 12137 on April 1, 2019. This rule repeals two additional statutes, section 842(b) of the NDAA for FY 2007 (Pub. L. 109-364) and section 1010 of the USA Patriot Act of 2001 (Pub. L. 107-56).

To implement section 842(b) of the NDAA for FY 2007, DoD published a final rule at 74 FR 37626 on July 29, 2009 (DFARS Case 2008-D003). The rule established a one-time waiver authority for contracts under which specialty metals were incorporated into items produced, manufactured, or assembled in the United States prior to October 17, 2006, and where final acceptance by the Government took place after that date, but before September 30, 2010.

To implement section 1010 of the USA Patriot Act of 2001, DoD published a final rule at 67 FR 55730 on August 30, 2002 (DFARS Case 2001-D018). The rule provided an exception to the prohibition on contracting for security functions at a military installation or facility. The exception authorized DoD to award contracts to proximately located local and State governments during the period of time that United States armed forces were engaged in Operation Enduring Freedom and 180 days thereafter.

Operation Enduring Freedom officially ended on December 29, 2014; therefore, this authority expired on June 26, 2015.

# II. Discussion and Analysis

This rule removes the obsolete language at DFARS 225.7003-4 and 237.102-70(c) that implemented sections 842(b) and 1010, respectively.

# III. Publication of This Final Rule for Public Comment Is Not Required by Statute

The statute that applies to the publication of the Federal Acquisition Regulation is Office of Federal Procurement Policy statute (codified at title 41 of the United States Code).

Specifically, 41 U.S.C. 1707(a)(1) requires that a procurement policy, regulation, procedure, or form (including an amendment or modification thereof) must be published for public comment if it relates to the expenditure of appropriated funds, and has either a significant effect beyond the internal operating procedures of the agency issuing the policy, regulation, procedure or form, or has a significant cost or administrative impact on contractors or offerors. This final rule is not required to be published for public comment, because the rule merely removes two expired authorities from the DFARS.

IV. Applicability to Contracts at or Below the Simplified
Acquisition Threshold and for Commercial Items, Including
Commercially Available Off-the-Shelf Items

This rule removes expired authorities for contracted security functions at a military installation or facility at DFARS 237.102-70(c) and a one-time waiver of the specialty metals clause under certain circumstances at DFARS 225.7003-4. This rule does not create or revise any solicitation provisions or contract clauses.

#### V. Executive Orders 12866 and 13563

Executive Orders (E.O.) 12866 and E.O. 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

## VI. Executive Order 13771

This rule is not subject to E.O. 13771, because this rule is not a significant regulatory action under E.O. 12866.

# VII. Regulatory Flexibility Act

Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule under 41 U.S.C. 1707(a)(1) (see section III. of this preamble), the analytical requirement of the Regulatory Flexibility Act (5 U.S.C. 601 et seq.) are not applicable. Accordingly, no regulatory flexibility analysis is required, and none has been prepared.

## VIII. Paperwork Reduction Act

The rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).
